

ChangeMakers Refugee Forum is a non-government organisation (NGO) that represents 14 refugee-background communities in Wellington, New Zealand. **We work towards helping you take part in New Zealand life and develop your community.** The organization is for former refugees and is led by former refugees. We hope to help you and your community make your voice heard and give you support you may need.

**ChangeMakers welcomes you to work with us and let us know about the issues that affect you or your community.**

**We also have many services that can help you in your resettlement to New Zealand:**

### Awaha Information Hub

At Awaha Information Hubs, you can **talk to people and find advice** in a safe space. These are held every Wednesday, and moves between Wellington City and Lower Hutt.

You can find more information here: [crf.org.nz/awaha-information-hub](http://crf.org.nz/awaha-information-hub)

### Know Your Rights

We hold Know Your Rights workshops with the Wellington Community Justice Project, that will help **guide you and give you advice around what services New Zealand has** and how to use them.

### Community Meetings (Hui)

Community Forums are held every five weeks to hear the community's needs and support community members with resettlement. At these meetings, we give the community **information on what services New Zealand has and talk about issues** people may have.

### Driving Training Programmes

ChangeMakers has **two free driving programmes** that you can do.

If you have some driving experience, the **Refugee Driver Training Programme** can teach you how to get your restricted licence so you can drive in New Zealand.

Women who are 25 and over in age and have been in New Zealand for over two years can learn to drive in the **Turning the Curve Programme**.

You can find more information here: [crf.org.nz/refugee-driving-training-programme](http://crf.org.nz/refugee-driving-training-programme)

We can get an interpreter for all of these services if you need one.
